

ALUMNI SPEAKS –

"I am proud to say that I belong to this wonderful family of PURNA CHANDRA INSTITUTE OF ENGINEERING & TECHNOLOGY. I was highly elated, on Mining Engineering Laboratories facilities & excellent infrastructure of the institute. I got admission in Mining Engineering. This College was nothing less than what I had hoped for. Supportive seniors and faculty, beautiful campus, quality education and amazing friends. It has everything one needs from a college, and a network developed for life i.e Alumni Association. The growth I have seen in myself due to P.C.I.E.T, is invaluable. It taught me things far beyond bookish knowledge and helped me broaden my horizons. The lecturers here are all experts in their respective fields and as such are able to provide excellent technical knowledge to the students. The classes are very interactive and faculties to ensure that every student understands what is being taught before proceeding."

Chinmaya Kumar Sahu
Foreman (Mining)
WCL, Wani North Area.

"There are so many take-aways from PURNA CHANDRA INSTITUTE OF ENGINEERING & TECHNOLOGY. So many of which have helped me get to this station of my career. If I must narrow down to the maximum impact take-aways then it has got to be the manner in which my Lecturers, Principal and Director imparted knowledge, both theory and practical. That the knowledge imparted was effective was reflected in my career in so many telling ways. P.C.I.E.T's inculcation of discipline and the culture of value based education proved to be the keys that opened up my career for me. Yes, P.C.I.E.T provides opportunities for balanced learning, through classroom inputs as well as creating an atmosphere that helps students to develop capabilities to implement those theoretical inputs in real life conditions. In a nutshell P.C.I.E.T makes of its students a force that brings concepts to life." The institute has excellent infrastructure in terms of Laboratories, Workshops, Smart Class Rooms, Computer Centre & big Library & a team of excellent qualified dynamic faculties to guide the students.

Minor Irrigation,
Jharsuguda.

Siddharth Shankar Pandey
Junior Mining Officer,
Govt. of Uttar Pradesh.

"My experience at PCIET, Chhendipada was very different and has led me to explore and learn new things in terms of personal and professional aspects. The faculty at PCIET focus on students career goals with proper guidance in selecting most suitable specialization based on one's strengths and passion. The pre-placements activities were highly effective for us to have a clear idea on facing interviews. The various co-curricular activities built confidence and leadership skills in us. Attending the State Level Fest & Sports was a major experience, which helped me understand my potential and overcome my insecurities. The ambience of the college has always been so positive and encourages to learn."

"P.C.I.E.T, Chhendipada to me, stands apart in providing an unique opportunity to interact with and build relationships with exceptional people – fellow students, alumni, and staff. The rigorous academic curriculum is unparalleled in being supplemented by activities to develop oneself along multiple dimensions by participating and leading activities at a cultural, literary, sport and scientific level in a highly creative environment. Even after graduating many years ago, not a day goes by without feeling a sense of pride for PCIET, a deep sense of gratitude for the knowledge and confidence the institution imparted, and the friendships formed there."

Jagadish Chandra Mahanta
Asst. Mining Manager
WCL, Chandrapur Area
Maharashtra.

Saroj Senapati
Foreman, Jampali OCP
SECL, Raigarh Area
Chhatisgarh.

"Life in PURNA CHANDRA INSTITUTE OF ENGINEERING & TECHNOLOGY was nothing less than a roller coaster ride, full of ups and downs one can imagine. But throughout the journey I have learned a lot. It has provided me with some great opportunities which helped me *improve myself in every aspect* as a student, as a senior, as a friend, as a sportsperson, as a leader and most importantly as a professional. Experience in PCIET have helped me sharpen my skills in my field of choice by providing fully equipped labs where I could practice and learn. Apart from this being a part of student panel helped me improve my managing skills along with technical. In all I had a great learning experience and have learnt some very important lessons in life which will help me to grow in future as well."
